Try It, Then Decide

Not sure whether you want something short-term or a permanent role? Our temp to perm means you can get a feel for a school or nursery first, the team, the pace, the pupils, before committing to anything long-term.

If it is the right fit, we will support you through to a permanent contract. If it is not, there is no obligation, you simply move on to the next placement.

It gives you the chance to find the right fit, without the pressure of deciding on day one.

New Term, New Opportunities

The new academic year is underway, and there is a lot happening at Class Cover this term. Whether you are looking for your next placement, thinking about your development, or ready to try somewhere new, we are here to help you make the most of it.

If you are looking to grow this year, our education consultants can talk you through the CPD opportunities available alongside your placements, just get in touch to find out what is on offer.

You will have a dedicated consultant, someone who gets to know your preferences, your availability and the kind of settings you enjoy working in, rather than starting from scratch with a different person every time you call.

Know someone else looking for work in education? Ask your consultant about our referral incentive, a thank you for helping us grow our team of trusted candidates.
