The Same Familiar Face, Whenever Possible

When a school needs cover for more than a day or two, we know how much it helps to see a familiar face at the front of the classroom rather than a different person each time.

Wherever we can, we send the same trusted candidate back to schools they have already worked in. Pupils settle faster, routines carry on as normal, and staff do not have to explain the basics all over again.

It is a small thing, but it makes a genuine difference, for pupils, for staff, and for peace of mind.

Welcome Back

The new academic year is well underway, and we know staffing is one of the first things on every school leader's mind at this time of year.

With Benedict's Law now in force, we want to reassure you that all candidates placed by Class Cover complete allergy and anaphylaxis awareness training annually as part of their compliance requirements, so you can be confident that every member of staff we place understands their responsibilities from day one.

Staff absence does not wait for office hours. Our phones are answered by a real person from 6:30am, so you can act quickly whenever you need us.

And when you know cover is needed ahead of time, whether it is a training day, planned leave or a known absence, our advanced booking service means it is sorted well in advance. Two ways to plan, whichever suits your school best.
